PRODUCT SPECIFICATIONS

Akebono Premium Akebono EURO Ultra-Premium Ceramic Disc Brake Pads

Brand Akebono Premium
Part Number EUR1322A
Category Disc Brake Pad

Product Features

- Consistent performance for comfort and confident control of brakes
- Constructed with the finest quality materials
- Significant reduction in dust for cleaner wheels
- Ultra quiet pads offer the best control of noise, vibration & harshness (NVH).
- Increased pad and rotor life and create the smoothest, most efficient stopping.
- No break-in needed
- Pairs perfectly with a wide assortment of brake rotors, calipers & brake drums.

Product Description

Akebono is the largest brake manufacturer in North America resulting in the unique advantages of original equipment experience and expertise backed by the most comprehensive Research and Development in the industry. Akebono is the leader in the control of brake dust, noise, vibration and harshness (NVH).
